

COVID POLICY

All of our cruises and excursions are covered by, and strictly adhere to, the prevailing Governmental and Medical instructions in force at the time of each cruise.

Our crew are fully vaccinated and a valid “Pass Sanitaire” for each member is available for inspection at any time.

Under current French Government requirements ALL guests must be fully vaccinated and in possession of a “Pass Sanitaire” before joining the barge. Our driver will request proof of this when collecting guests at their designated pick-up points. In the event such passes are not available he will not be permitted to bring those without to the barge.
